Profile

My name is Liam Roberts, and I am a current university graduate in the field of digital design and web media. I am a highly enthusiastic and motivated individual who is seeking part time, full time or casual employment within a reputable company with a diverse range of challenging work. I am able to work both in a team environment and/or autonomously in order to meet the strictest of deadlines.

Education

2017 - 2020

Bachelor of Communications (Digital Design & Web Media)

Curtin University (Bentley)

- Studying the design process from ideation to effectively communicate and devise a solution digitally either through web design, UI/UX design or app design.
- Working within groups to collaborate towards a final design by utilising the design process, principles and digital skills.
- Studying modern communication as facilitated through the Internet specifically looking at its benefits for writing, business, and the power of social media.

2010 - 2015

WACE & ATAR

Canning Vale College

- Studied Economics, Geography, Mathematics, English and Information Technology at WACE level.
- Successfully completed a certificate II in Business.
- Successfully completed a certificate II in digital Media and technology.

Work Experience

Jan 2020 - Present

Freelance Designer

Etsy.com

- Completed a range of small design projects for clients. Including custom prints to suit their needs and wants.
- Communicate with clients prior to their purchase regarding specific details.
- Create revisions and make alterations to purchased designs based off clients requests.

Work Experience

Jan. 2014 - March 2015 **Back & Neck Bed Shop.**

- Helping with the delivery of store products.
- Completed the sales of different store products, as well as working as reception support.
- Customer service responsibilities, with tasks including; engaging with a large variety of individuals, along with answering and directing phone calls.
- I worked both individually, and cohesively with other team members.

April 2013 - Dec. 2013 **Hungry Jack's**

- Worked in both a kitchen hand role as well as in a customer service role.
- Customer service responsibilities included engaging with customers, taking their orders, and operating the cash register.
- I worked both individually, and cohesively with other team members.
